2023 INFOGRAPHI(S

Infographics present information to your audience quickly and clearly

Simple Online Post

Semi-Complex Postcard

Communicate to us the spirit of your message and provide content that reinforces your brand (logo, tagline, brief copy, photo, etc.) and a draft of your infographic will be available within 48 hours for your review. Following any adjustments, your graphic will be ready to post the next day.

You will own all rights and can use the graphic whenever and wherever you please. Should you decide to enlarge and print, we ask that you please contact us. We will send a much larger file directly to your printer, so the image on screen translates correctly on paper, fabric, etc.

Obviously, the more complex your graphic, the longer the design time.

If you prefer that we write copy or find images for your review/approval, our hourly rate is \$65.
